EXAM ASSOCIATE CLOUD ENGINEER TOPIC 1 QUESTION 106 DISCUSSION

Actual exam question from Google's Associate Cloud Engineer

Question #: 106

Topic #: 1

[\[All Associate Cloud Engineer Questions\]](#)

Your organization has a dedicated person who creates and manages all service accounts for Google Cloud projects. You need to assign this person the minimum role for projects. What should you do?

- A. Add the user to roles/iam.roleAdmin role.
- B. Add the user to roles/iam.securityAdmin role.
- C. Add the user to roles/iam.serviceAccountUser role.
- D. Add the user to roles/iam.serviceAccountAdmin role.

Whoever say C is right answer, please read the question 1000000000 times if not understand - "Your organization has a dedicated person who creates and manages all service accounts for Google Cloud projects. " Dedicated person who

dedicated person who creates and manages all service accounts for Google Cloud projects. Dedicated person who creates and manages all service... Now read below;
To allow a user to manage service accounts, grant one of the following roles:

Service Account User (roles/iam.serviceAccountUser): Includes permissions to list service accounts, get details about a service account, and impersonate a service account.

Service Account Admin (roles/iam.serviceAccountAdmin): Includes permissions to list service accounts and get details about a service account. Also includes permissions to create, update, and delete service accounts, and to view or change the IAM policy on a service account.

Now look in which role mentioned "CREATE"?

Obviously - roles/iam.serviceAccountAdmin..... So Answer is????

1M% - D only
